<u>CONTENTS</u>

1. <u>Introduction</u>

   1.1. Purpose of Document

   The purpose of this document is to show that we have considered the clients requirement specification and have created an initial design for the system architecture and laid out some objective and target dates to achieve these goals within. Our goals will be displayed using a Gantt chart (5.0).

   1.2. Scope

   This document will cover our designs, milestones and risk analysis of our proposed system.

   1.3. Objectives

   This document covers:

   - The general proposed architecture of our system.
   - How we believe the user will interface with our system (use-cases).
   - Our designs on the UI (both web and android).
   - The milestones and objectives for our project (Gantt chart).
   - A risk analysis of our project.
